Eastern Parties Have Option on Baptist Church Property.

We understand that a big New York firm has an option on the Baptist church property, on the corner of Main and Sixth streets. County Surveyor Ben F. Bedford was busy surveying the lot yesterday to forward plat to the parties that hold the option. If the deal goes through it is said there will be a mammoth business house erected on the site and one of the biggest ten cent establishments in Central Kentucky will be opened.

At a meeting of the Board of Directors of the Paris Commercial Club, on Wednesday night Mr. Buckner Woodford, Jr., was elected Treasurer. Mr. B. F. Adecock, Secretary and Mr. Rudolph Davis Assistant Secretary.

The next thing the Commercial Club will take up will be the "boosting" of the Bourbon County Fair. Their active work last year in this line proved that it had the desired effect. Then will come the repetition of the big picnic of last year. This year the picnic will be held in August instead of July. This will be after the farmer's busy season is over, giving everybody a chance to attend and take part in the festivities.

NO DRAGGING OF BUNDLES

ON THE

NEW CENTURY BINDER

It Does Clean Work

A binder that does not cleanly separate the bundles from the untied grain costs a lot of your temper and time. Time is money during harvest. To avoid this loss use the New Century. The above cut tells the story. From the moment the needle appears above the grain until it returns beneath the deck, no grain is fed down by the packers. They serve to keep the grain from pressing against the needle. The revolving discharge arms do not come into contact with the untied grain. For good clean work use the New Century. If you will only let us show you the New Century and thoroughly explain it we'll be satisfied with the result for it will be another sale for us—one more satisfied customer.

Genuine Underdraft

IS TO BE HAD ON THE

ADMIRAL MOWER ONLY

THE WONDERFULLY EASY FOOT-LIFT THIS CUT ALSO ILLUSTRATES THE DIRECT UNDERDRAFT FEATURE

Every farmer knows that the greater the "Underdraft" of a mower, the better and easier that mower will do its work. Every other maker of mowers uses some device that will enable him to secure as much "Underdraft" as possible. The best of these devices, however, are but makeshifts by which at least two-thirds of the draft is applied through the pole. Walter A. Wood Mowers alone possess genuine "Underdraft." Every ounce of draft is applied through the draft rod (shown in above cut) right where it is needed. A visit to this store will make this valuable feature clear. We honestly believe the Admiral is the best mower on the market to-day and are eager to show it to you and tell you all about it.

Mr. Taft's Pruning-Knife.

Having made retrenchment of expenses the policy of his administration, Mr. Taft learns from Secretary Meyer that at least \$10,000,000 can be saved by the navy department alone. Such economies as he proposes in the estimates to be submitted next winter will neither cripple the service nor prevent new construction. By equal diligence in pruning the army and other estimates Secretary Dickinson and his colleagues in the cabinet are expected to save another \$10,000,000.

Twenty millions is not a large sum by which to reduce the \$1,044,000,000 voted by Congress in the last months of the Roosevelt Administration. It would not seem to call for the exercise of extraordinary virtue by individual Representatives and Senators. It is only about one-half the sum by which they increased the Government's expenditures last session. For another thirteen months Mr. Taft's hands are tied. None of the economies he plans can go into effect until July 1, 1910. Until that date he has no hope of being relieved from the penalties of extravagance inherited from his predecessor.

It will be a great achievement, however, merely to have brought to a halt the spendthrift practices of Congress. The approved method of the Executive in recent years has been to clamor all ways for more money and to invent new schemes involving endless expenditures. There is nothing spectacular in a President's sitting down patiently before huge volumes of statistical reports and figuring out page by page where the taxpayers' money can be saved. A fidgety, high-souled statesman would be disposed to dismiss it as cheeseparing and find his duties better performed if he kept the people thrilled and amused by calling his critics liars and delivering attacks on the judiciary.

Mr. Taft apparently not only intends that his own Administration shall be directly responsible for public expenditures, but he purposes teaching Congress the simple business rule that income must govern outlay. To point the moral he has the Roosevelt deficit of \$60,000,000 last year and the Roosevelt deficit of over \$100,000,000 this year, both created during the Roosevelt panic.

Train-Robbery Made Easy.

Under present conditions it will be many a day before train robbery in the West can be classed among the fine arts. Accounts at hand of the latest exploit in this line, leave the impression that a crime supposed to be hazardous is attended by as little risk as a game of lawn tennis. In this case, as in others, it is said that the offenders were old hands at the business. The probability is that they were farmers' boys or hoodlums.

There is something wrong in the management and discipline of our railroad, express and postal service when a few young dare-devils can stop a heavy train, intimidate scores of employees and passengers, help themselves to a fortune from the mailbags or the express safes and get away without even an impression of vexation from a single victim. One mail clerk, one express agent one irascible traveller armed with a Fourth of July pistol and apparently intent upon using it, could have put the whole gang to flight.

If fighting men have become so scarce in the Wild West that amateur train robbers can operate with impunity, it would seem to be good policy

for the transcontinental lines to import a few representatives of the effected civilization of the East and instruct them in the use of firearms. When shotgun messengers accompanied the old overland coaches stage robbery went out of fashion. Now that it is no longer considered good form for regular employees to resist train robbers the need of a professional armed guard on railroad trains becomes not only necessary but urgent.

An Old Story.

"All history" shows," said Samuel J. Tilden, "that reforms in government must not be expected from those who sit serenely on the social mountain tops enjoying the benefits of the existing order of things."

A very simple and elementary truth, but the American people have not yet gripped it. They are ingenious enough to think that the abuses of protection will be remedied voluntarily by the beneficiaries of such abuses; that Privilege will be restricted by the representatives of Privilege; that Plutocracy will be pulled down by the political allies of Plutocracy.

Therefore a perplexed public continues to watch the cost of living mount skyward while a Congress elected through the support of privileged interests revises a tariff for the profit of those interests. There was a time when such a performance would have produced a political revolution in the United States. Now it is viewed as one of the commonplace of government.

The American citizen is an optimistic soul. He is profoundly convinced that if he will wait long enough and with proper patience, somebody, somehow and in some fashion will save him from the consequences of his own neglect indifference and folly.

Oldest Banker.

We would like to find the banker, not over sixty years of age in the State of Kentucky, who has served the longest continual term as an officer in a nice little prize to the one who establishes the fact that he is no more than sixty years old, and has served the longest continual term as a bank official. Do You Think For Yourself?

Or, do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

As a sober, intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true honest medicine on earth, compounded, sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received. In the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice, is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

—The meeting of the Alumni at M.
M. I. was held Tuesday afternoon in
the drill hall, the following officers
were elected: Cecil Cantrill, Geor-
getown, President; F. P. Redmon, Mil-
lersburg, Vice President; F. J. Savage,
Paris, Secretary and Treasurer. The
committee selected to revise the by-
laws was composed of L. Johns, Win-
chester; Cecil Cantrill, Georgetown,
and A. C. Ball, of Millersburg. Cadet
Alex. Hawes, of Covington, was chosen
manager of 1910 base ball team. Forty-
eight of the Alumni were present,
while of the older boys 74 responded
to the roll call. The social during the
evening hours was a very brilliant
affair and marked Col. and Mrs. Best
as premier entertainers.

—Monday was a busy day at the M.
M. I. The commencement exercises
were resumed at 9:30 Monday morning,
when the competitive drill was called
on. Weather conditions were ideal.

For the past several years the weather
has been very cold on field day. Had
the sun shown out brightly Monday
morning it would have been intensely
hot. A large crowd was present and
much spirit was manifested in the
competition. The medal in the manual
of arms, was won by Cadet Gay, of
Mt. Sterling. Cadets Des Cognets of
company A, and Fagin, of B, drilled
their companies twelve minutes each in
the various lines. Both companies did
good work and there was considerable
speculation on the part of the audi-
ence as to who the winner would be.
The contest was close and after much
figuring the judges awarded the flag
to company B. The judges were
Cadets Belling, of South Bend, Ind.,
Bail and Thaxton, of Millersburg.

At three o'clock in the afternoon the
M. M. I. ball team crossed bats with
Cynthiana. The largest audience was
present ever seen on the grounds in the
history of the institution, the game
was a good one closing 5 to 11 in favor
of M. M. I.

Monday evening at 8 o'clock the dra-
matic class of the institution under the
management of Miss Julia Carpenter
put the catchy little drama, entitled,
"The Little Savage." Despite the
weather which was very threatening in
the early part of the evening later cul-
minating in a severe storm, the audi-
ence was large and began to assemble
early, by the time the curtain went
up the spacious drill hall with a seat-
ing capacity of seven hundred was filled
from dome to pit.

The play was very attractive and
showed that the players had been well
drilled. Miss Martha Smith, as the
little savage, was the star of the
evening. In this she made her drama-
tic debut and was quite a success.
Miss Carpenter, as leading lady, and
who was in charge of the work, ap-
peared at her best and was as she al-
ways is, good. Miss McClintock as
Lady Agnes, was a true type of Eng-
lish aristocracy while Miss Gray, who is
good in anything she undertakes, was
the ideal maiden in love. The four
cadets, Johns, Ferguson, Baker and
Rankin did their parts well. The music
was furnished by the M. M. I. orches-
tra assisted by Elder W. T. Gardner,
of the Christian church, and added
much to the entertainment.

At 10:30 Tuesday morning eleven
young men took their degrees. Weather
conditions were good and these
cadets were greeted by another
large cultured audience, the M. M. I.
orchestra assisted by Elder Gardner,
furnished the music. At the appointed
time the graduates and members of
the faculty entered the hall, taking
their places on the stages under the
strains of a medley of national airs.
The class was made up of the follow-
ing: Russell Des Cognets, Edwin
Giles Fagin, William Kenney Ferguson,
John Launcelot Gamble, Isaac Cun-

nirham Haley, Thomas Picket Hun-
ter, Lindsay Pogue Johns, William
Muir Lane, James William Miller and
Thomas Badger Robertson. The
speakers of the occasion were Cadets
Des Cognets, of Lexington, subject,
"Twentieth Century American," 2nd,
honor man. Edwin Giles Fagin, of
Augusta, subject, "Intellectual Cul-
ture as a Means to Happiness." The
literary address was delivered by Judge
W. T. Lafferty, dean of the law de-
partment Kentucky State University.
His subject was along the line of higher
education in Kentucky. It was in
keeping with the thought of the lec-
ture delivered by Dr. Crossfield Sunday
night. He indulged in facts and fig-
ures, it was a little departure from the
average literary address but it was
good, and awakened a new interest
here in educational work.

Col. Best in a neat address, full of
feeling, awarded the diplomas to the
graduates, after which he read the
honor roll and those on it were intro-
duced to the audience. The medal for
the highest average was awarded to
Cadet Miller, of Lexington, his aver-
age being 99.86-100.

The music between the various num-
bers was good and especially the violin
and cornet duet by Miss Louise Cray
and Elder Gardner. At noon the
cadets entered on their furlough which
will last until Wednesday Sept. 8.

The first reunion of old cadets was
held during the entire day Tuesday. A
large number was present from this
and other States. After the granting
of the furlough dinner was served be-
neath the magnificent trees on the
campus to both old and present cadets.
In the afternoon the Alumni was or-
ganized and officers for the coming
year elected, they have not yet been
given out.

The most interesting ball game of
the season was the closing game Tues-
day afternoon between the present M.
M. I. nine and old cadets. It was an
interesting game warmly contested,
the enthusiasm running high on the
part of the spectators which was large,
score standing at the close 3 to 2 in
favor of old cadets.

The majority of the cadets left for
their homes on the two evening trains,
the remainder left on the early trains
Wednesday morning. Capt. F. J. Reil-
ly retires from the faculty this being
the only change, he has been with us
three years and has done a high grade
work. He is a general favorite in the
institution with a large host of friends
on the outside. He has had charge of
the base ball team, and in this time
has only lost four games. He will take
a special course at Harvard next year.
It is with regret that we give him up
and wish him much success through-
out all of his career in future years.

Work is progressing on the new ad-
ditions of the buildings and when com-
pleted will add much to the property
and furnish sufficient accommodations
for the present, although the school is
fairly well enrolled for next year and
will be full long before the time of
opening.

Mrs. M. P. Collier.

—Miss Belle T. Judy returned from
Good Samaritan hospital Wednesday
night, where she was operated on sev-
eral weeks ago for appendicitis. She
is much improved and on the way to
ultimate recovery.

—Dr. W. V. Huffman sold his prop-
erty on North Main street recently vac-
ated by Mr. J. H. Linville and family,
to Mr. Wm. Metcalf, of Carlisle. Mr.
Metcalf and family will move to it in
the near future.

—The Woman's Missionary Union of
the Ebenezer Presbytery of the Pres-
byterian church opened here last night.
Many delegates are here and others
will arrive this morning. The meeting
will continue through tonight. Dr. D.
Clay Lilly delivered an able address
Thursday night to a full house. The
welcome address was delivered by Mrs.
W. C. Dailey. Today will be the busi-
ness meeting, closing this evening
with Mrs. Venable, a returned mis-
sionary from China.

SIMON'S Great Removal Sale!

Tremendous Sacrifice of Seasonable Goods.

We are going to move. We have about completed our new building, directly across the street from our present location. Now, like all similar occasions with a business house, we intend to follow the precedent established by other institutions, under similar circumstances, and make a big advertising proposition out of the event, and let the public reap the benefit. Consequently, we have planned to reduce the stock to the least possible amount by holding a **Removal Sale**, and thereby lighten our burdens, and the public shall reap the benefit of it.

Everybody knows what moving an established Dry Goods business means. Everybody knows that it means a herculean task to perform, to vacate the entire premises we now occupy of all the contents, to move a "million and one" articles, of all sizes and shapes. Now, we don't want to do this if we can help it. We want to move as little as possible. Bargains like the following have never been offered before in this vicinity.

DON'T EXPERIMENT
 You Will Make No Mistake if
 You Follow This Paris
 Citizen's Advice.
 Never neglect your kidneys.
 If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney troubles, and you should seek a remedy which is known to cure the kidneys.
 Doan's Kidney pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Paris. Follow the advice of a Paris citizen and be cured yourself.
 Mrs. J. T. Martin, Eleventh and Main streets, Paris, Ky., says: "Kidney trouble in my case was brought on by a fall which I received two or three years ago. My back ached until I thought it would break in two and sharp twinges shot through my kidneys. I tried different remedies but could not find any relief until I procured Doan's Kidney Pills at Wilson's drug store. After using them a short time I felt like a different woman and was soon completely cured. I gave a testimonial in 1905 for publication regarding my case and at this time I am glad to confirm all that I then said. I think more highly than ever of Doan's Kidney Pills."
 For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

People Want A Change.
 In a statement which he gave out this week Capt. Ed. Farley, State Treasurer reported that the last of this month there will be on hand in the State Treasury about \$37,500 after the salaries for the present month have all been paid. Capt. Farley goes on to show, however, that this money will be needed immediately and that practically all of the cash now available is due to the new improvements and to the Normal Schools. Capt. Farley says he has been accumulating a reserve in the treasury in order to be able to meet the large claims which will be presented next month. There will be due to the State University and Normal Schools, on July 1st, a total of \$70,000 and during the month of June the new capital will take about \$300,000 more so then the reserve will be exhausted by these two items alone. By an agreement with the trustees of the Normal Schools and the State University no further payment, after the one on July 1st, will be made until December, although more than half a million dollars was appropriated for these three institutions by the last Legislature. Capt. Farley says that the bulk of the money due to the State at present has been paid and that there is but little to come in for some time. The people who hold State warrants will have to wait a while longer before they can collect their money.
 This is very little comfort for jurors and many others who must wait for their money. When the Democrats turned over the State to Willson and "My Soldiers," they left a million dollars in the Treasury, but it has been dry for months. The people wanted a change, however, and they got it.

Looking One's Best.
 It's a woman's delight to look her best but pimples, skin eruptions, sores and boils rob life of joy. Listen! Bucklen's Arnica Salve cures them; makes the skin soft and velvety. It glorifies the face, cures pimples, sore eyes, cold sores, cracked lips, chapped hands. Try it. Infalible for piles. 25c at Oberdorfer's.

Sensible Legislators.
 The Texas Legislature has passed an amendment to the appropriation for the State Industrial School providing that girls shall be taught millinery and dress making, but in no case are they to be taught to make a hat to cost more than twenty dollars, or a dress more than fifty dollars. No hat shall be more than eight inches in diameter, and none shall be made the brim of which turns down, shaped like a peach basket, bread tray or wash board. Those legislators certainly have great heads on them. Taxation, county unit bills and the pressing subjects worry them not. Woman's apparel must be regulated even if the rest of the business goes undone. Pity such wise men cannot legislate for the universe, it would be a great relief to us male mortals.

Williams' Carbolic Salve With Arnica and Witch Hazel.
 The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Tetter, Chapped Hands and all skin eruptions. Guaranteed to give satisfaction, or money refunded. 25c by Druggists.

In Memory of the Dead.
 The first attempt to decorate the graves of the Confederate dead in Kentucky was that of Mrs. Jennie Catherwood Bean, who 39 years ago was a school teacher in Winchester, and with her little band of pupils, she thus paid honor to the memory of these heroes of the South. Every year since then she has done the same thing on the 26 of May, and last Wednesday she placed on each Confederate grave in the Winchester cemetery a sprig of evergreen and a bow of red and white ribbon, journeying from her home in Lexington to Winchester for that purpose.

Rich Men's Gifts are Poor
 beside this: "I want to go on record as saying that I regard Electric Bitters as one of the greatest gifts that God has made to woman," writes Mrs. O. Rhinevault, of Vestal Centre, N. Y. "I can never forget what it has done for me." This glorious medicine gives a woman buoyant spirits, vigor of body and jubilant health. It quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells, soon builds up the weak, ailing and sickly. Try them. 50c. at Oberdorfer's.

The Hustlers Taken Into Camp.

The Hustlers, of Winchester, were taken into camp yesterday afternoon by the Paris aggregation by a score of 6 to 4. It's a shame we have to defeat the bunch that carries those \$2,500 pitchers around with them, but when we get this winning habit right good they all look alike to us.

The Paris crowd is waiting patiently to meet that great Tony, so don't be surprised friends when we do meet and take his scalp. The batteries yesterday were Winchell and Felix for Paris, and Chapman and Peck for Winchester. Paris made one run in the third, one in the sixth and four in the seventh. Winchester made one in the second, one in the sixth and to in the seventh. Neither side were able to score after the seventh inning.

Barnett was much in the game as usual, and when he faced the pitcher in the seventh there were three men on bases. He simply pulled down his cap and knocked a two bagger, bringing the three men in. The Winchester crowd showed signs of heart trouble at this point and was never able to recuperate from the blow, and with tears in their eyes were compelled to abide by the score at the end of the ninth, which read: Paris 6, Winchester 4. The same dose will probably be given to them today.

The Winchester grounds are the only ones in the Blue Grass League that have no telephone. Put one in, boys, so we can hear the news when you have got one of those \$2,500 pitchers in the box.

The Shelbyville team, which has been considerably strengthened since its visit to Paris, will be there tomorrow afternoon to cross bats with the Paris team. The home boys are playing good ball now and should have a rousing crowd of rooters present Saturday afternoon.

On Sunday afternoon at the Paris ball park will be seen the struggle between the two giant pitchers, Winchell for Paris and Tony for Winchester. This will be a game worth going miles to see. Tony has shut out every club in the league except Paris and Winchell has shut out Winchester. So there you are, a battle royal it will be.

Manager "Smittie" overslept himself Wednesday morning and missed the train that carried his nine to Winchester. He was dispatched through on a fast freight. "Smittie" said he did not mind riding on the freight, for he felt perfectly at home on the "hog." Treasurer Wm. Shire has presented him with an alarm clock.

Negro Hanged by Frankfort Mob.

John Maxie, a Frankfort negro, without provocation shot and seriously wounded Bert C. Bowers, of Valdosta, Ga., an employee of Howe's, shows, during the performance at Frankfort Wednesday night. The negro barely escaped being hanged by the timely arrival of Chief of Detectives Malcolm Brown, of Lexington, and two of his men, who were with him attending the show on the lookout for criminals. The negro was placed in the Frankfort jail.

At 2:30 o'clock Wednesday morning a mob of seventy-five masked and armed men overpowered Jailor Bridges, of Frankfort, and took Maxie out of the jail and hanged him from the bridge across the Kentucky River directly under an electric light on the South Frankfort side. The struggling negro's body was filled with bullets as he struggled.

The negro begged piteously for his life, but his appeals were made to ears deaf to his entreaties. Ten minutes after he was taken from the jail his lifeless body full of bullet holes, swung from the bridge.

The crowd was orderly and quiet and none of the members of the mob were recognized. After they had done their work the men dispersed as quietly as they had assembled. At a late hour yesterday morning, Bowers was reported to be in a dying condition.

Thomas Bros., who have for years conducted a clothes cleaning and pressing business on Main street, have grown tired of the old process of scouring, drying and pressing a suit of clothes, which usually consumed nearly a week's time and have recently purchased and installed on Tenth street a plant fully equipped with the Greiver Dry Cleaning process, and a suit, no matter how badly soiled, can now be cleaned and pressed within three hours time, winter or summer. The machinery for the plant is driven by an eight-horse power steam engine and furnishes employment to a number of skilled operators. Eagle pic-nic June 10.**Busy But No Account.**

The generally accepted belief that a person is useful, in proportion as he is busy, is controverted by a writer who says: "I have a dog that is loaded up with fleas. In the summer time when the fleas are plentiful that is the busiest dog I ever saw; when he isn't titing at the fleas he's scratching at the fleas. He never has a minute to spare, but when he is busiest he is the least account for practical purposes. And then there is a young fellow in my neighborhood who has a Waterbury watch and he smokes cigarettes. When he isn't winding his watch he is lighting a cigarette. He is a mighty busy young man, but he isn't worth two hups in a water barrel."
